## MATERIAL LIFTS - SERIES 2000

The Series 2000 is built for heavy material such as steel beams and/or continuous work.

This compact lift offers stronger mast design and a superior cabling system.

The shorter mast sections allow the 2000 to travel through doorways without tripping and to fit nicely into vehicles with small storage space.

**New galvanised steel finish!**

### Features:

- Cable Stay Brake
- Unique Mast Hold-Down
- Reversible Forks
- Lockable 125mm (5") Casters
- Loading Bar
- Roller Wheels
- Inside-Mast Cable Feed
- 250mm (10") Rough Terrain Wheels
- Fast Action Stabilizer Legs

### Reversible Forks

By pulling plunger pins, forks can be repositioned for added height or just to get flush with the ceiling.

### Ideal for compact Storage

No tools or loose hardware to worry about. Leg lock mechanism releases with the push of a button and locks in the stored position. Leg rollers allow lift to be wheeled around. Forks remove by pulling plunger pins.

Part Number	Lifting Capacity	Lift Height Reversed Forks	Lift Height STD Fork Position	Lowered Height	Bare Weight	Shipping Weight		
# SUM2010	455 kg	3.2 m	2.6 m	1.9 m	85.5 kg	104.4 kg		
# SUM2015	360 kg	4.6 m	4.1 m	1.9 m	127.3 kg	143.2 kg		
# SUM2020	360 kg	6.1 m	5.5 m	1.9 m	161.4 kg	177.3 kg		
# SUM2025	300 kg	7.5 m	6.9 m	1.9 m	195.5 kg	211.4 kg		

### OPTIONS LIST:

# SUM783691	<b>Fork Extensions</b> With the push of a button, forks may be extended from 71 to 106 cm. With longer forks, the weight capacity decreases to 90 kg and is clearly shown on the forks when extended. A second button returns the extension for convenient storage			
# SUM783642	<b>Boom Carriage</b> Ideal for installing pipe or lifting "from the top" applications. Uses four attaching plunger pins and has a 100 cm reach. Hook has five locations and load capacity decreases the farther out the boom is extended, from 300 kg to 90 kg			
# SUM783705	<b>Pipe Cradle</b> Great for duct pipe or other HVAC applications. Slides over standard forks. Packages in sets two.			

Our policy of constant product improvement may lead to changes to specifications/prices without notice.

## MATERIAL LIFTS - SERIES 2100

### Contractor Material Lifts

Unmatched as a good all around contractor lift, the Series 2100 features a taller mast to reach desired work heights while requiring fewer mast sections. Hence, the 2100 is less expensive and lighter.

The base, forks, winch etc. are the same as the series 2000.

**New galvanised steel finish!**

#### Features:

- Cable Stay Brake
- Unique Mast Hold-Down
- Reversible Forks
- Lockable 125mm (5") Casters
- Loading Bar
- Roller Wheels
- Inside-Mast Cable Feed
- 250mm (10") Rough Terrain Wheels
- Fast Action Stabilizer Legs

#### Reversible Forks

By pulling plunger pins, forks can be repositioned for added height or just to get flush with the ceiling.

#### Ideal for compact Storage

No tools or loose hardware to worry about. Leg lock mechanism releases with the push of a button and locks in the stored position. Leg rollers allow lift to be wheeled around. Forks remove by pulling plunger pins.

# KERRICK MATERIAL LIFTS - SERIES 2200

## "Lil' Hoister" Material Lifts

The series 2200 comes in 4 different models with a variety of different uses.

**The 2204 Lift** is ideal for use with vans, pickups and small vehicles.

Lift and load HVAC units, tools, cement bags, equipments, etc with ease.

**The 2206 Lift** is compact, lightweight and easy to handle.

It features double masts making it ideal for office equipment and boxes of items.

When folded, it can fit into most auto trunks.

**The 2208 Lift** is double masted and has many applications including positioning hospital TVs, equipment installation and wall-mounting AC units.

**The 2210 Lift** has the highest reach in the 2200 series.

The double-masted 2210 Lift offers the capability of lifting light fixtures or AC units in low ceiling buildings.

### Features:

- Convenient Handle
- Fold-out roller wheels
- High Speed Reversing Winch
- Mast Braces for extra strength
- Loading Bar
- 200mm (8") Non-marking Wheels
- Unique Carriage Hold Down - for extra preventing accidental damages
- Reversible Forks
- Extendible legs for greater stability

### Compact Storage

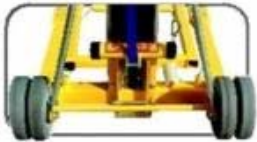

Remove forks and reposition legs for space saving storage.

Has a reversing handle for added convenience for storage.

Part Number	Lift Capacity (kg)	Max. Height (mm)	Length Operating (mm)	Width Max (mm)	Height Stowed (mm)	Length Stowed (mm)	Width Stowed (mm)	Winch Cranks (mm)	Bare Weight (kg)		
# SUM2204	135	1570	1040	790	1470	330	660	305	37.7		
# SUM2206	135	1980	1040	790	1090	330	660	305	40.5		
# SUM2208	135	2740	1040	790	1450	330	660	305	43.2		
# SUM2210	135	3350	1040	790	1780	330	660	305	48		

### OPTIONS LIST:

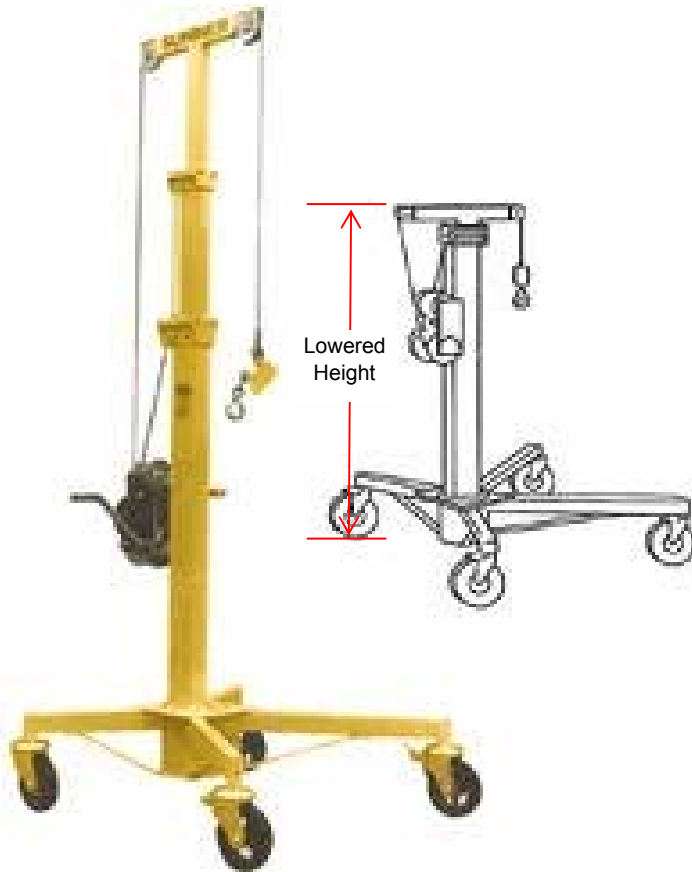

# SUM784240	<b>Aluminium Tray</b> Lightweight and rust free, this aluminium tray slides on to forks and attaches quickly and safely with spring loaded plunger pins.			
# SUM784258	<b>"Dually" wheel kit</b> Ideal for travelling on grass or dirt and when the lift is used as a truck.			
# SUM784218	<b>Wheel Brake Kit</b> Easy to assemble brake kit for 8" (20cm) wheels prevents lift from moving while being loaded. Recommended for use with aluminium tray.

# KERRICK™ MATERIAL LIFTS - ROUST-A-BOUT

*The versatile lift that makes a one man crew!*

The Roust-A-Bout enables one man to lift and place loads in tight locations that would be impossible with other lifts.

The flexible Roust-A-Bout not only makes the job possible . . . it can pay for itself in days by reducing job time.

**New galvanised steel finish!**

## Features:

- Lifts 680 kg
- 4.6 m heights
- Moves vertically and horizontally
- 2 Winches: operate load and mast elevation separately
- 2-Speed Load winches
- Infinite load height adjustment
- Ideal for job or shop

This dependable lift can raise a 682 kg load to heights up to 7.6 m in minutes. In addition, the load can be moved vertically and horizontally at the same time. Wider loads can be handled with the addition of the Tee Head Extension Bar. The Roust-A-Bout eliminates the need for many other tools such as come alongs, scaffolds, monorails, and swing booms.

Part Number	Description	Lifting Capacity (kg)	Lift Weight (kg)	Raised Height (m)	Lowered Height (m)		
# SUMR-100	Roust-A-Bout	680	140	4.6	2
